MIND GAP

a bridge between digital migrants and digital natives

The project has been approved under Erasmus + in Key Action 2 - Strategic Partnerships and its main purpose is to bridge the gap between those who are familiar with modern technology and those who feel socially excluded due to their lack of familiarity. The project is coordinated by Asociación La Bien Pagá Espacio Escénico from Spain.

R1: Theoretical and Methodological Framework for Contemporary Digital Skills for Adults (LBP)

R3: E-learning platform including digital-ed modules for the contemporary digital skills for digital migrants (INFODEF)

R2: Training Curriculum for digital migrants (GOI)

R4: Webinars / Instructional Videos as maps directly for digital migrants in virtual world (AKETH)

Kick Off Meeting

The kick off meeting of the European Project entitled "Mind The Gap - a bridge between digital migrants and digital natives" with project code: 2021-1-ES01-KA220-ADU-000027053 was implemented through Zoom on February 18 2022.

During the meeting, a detailed presentation of the whole project and all the intellectual products was made. At the end of the meeting the project partners discussed the next steps to be taken.
